Shri K Alagesan Assumes Additional Charge of Chairman & Managing Director of ITI Limited

Shri K Alagesan, Director (Production & HR) assumed the additional charge of Chairman and Managing Director of ITI Limited on May 31, 2018 following the retirement of previous CMD, Shri S. Gopu.

In his message to all ITI employees after assuming the charge, Shri K Alagesan said "I feel honoured to take the additional charge of Chairman and Managing Director of this esteemed organization after being Director Production for two years with additional charge as Director Marketing for past one and half years. I thank the Government of India and particularly DoT, for showing faith in this company and approving a revival package in 2014. The company has declared profit for the first time after a gap of sixteen years, while we still have severe financial crisis, having huge loans from the Banks and pending statutory dues. We need to work hard to ensure that the darker days of last one and half decades do not reappear."

He further acknowledged that "I am glad to mention that our company has a comfortable order book position winning many mega tenders, like ASCON, BharatNet and Smart Energy Meters and currently our order book is expected to cross Rs. 16,000 Crore. All these mega tenders won by us against stiff competition not only with PSUs but also with major companies in the private and winning these open tenders shows our ability and strength to compete in the open market. And we are further pursuing many more tenders and aim to cross order book over Rs. 20,000 Crore this year."

On work order position, he said "Winning tenders and getting orders is the first step, execution of the orders to the satisfaction of the customers is the next crucial step

and this is most challenging and demanding part of our professional front. As part of implementation of company's revival plan, a number of new projects have been allocated to our manufacturing Plants/Units. In addition to telecom projects, namely, GPON, MLLN, SSTP, Wi-Fi, DWDM, OTN, Radio modem, Antenna etc., we are manufacturing Smart Energy Meters, HDPE ducts, Optical Fiber Cables, Solar panels, Mini PCs, Set Top Boxes, Smart Cards, Banking Cards etc. We are offering variety of software services, like, Data Centre hosting services, Aadhaar authentication services, e-tendering services, core banking applications, mobile tag wallet application etc. We are providing electronic contract manufacturing services in most of our plants, PCB manufacturing services in Bangalore and Palakkad plants, 3-D printing and Injection Moulding services in Bangalore plant, Mechanical fabrication services in all the plants except Palakkad plant, EMI & EMC testing services in Bangalore plant etc."

Highlighting company's financial strength he said "The Company is pursuing for successful execution of Further Public Offer (FPO) to help us in leveraging cash flow. We have a huge sundry debtors aggregating to Rs. 3320 Crore which, if meticulously followed up, should help us to realize significant part of the receivables after adjusting the advance/vendor payment."

On supplementing Governments flagship programs he said, "Being under the Ministry of Communications and Gol, we should be the ambassadors for driving Gol missions on 'Make in India', 'Digital India' and we need to identify more and more products and solutions under these heads. The Company has signed MoU with the Gol and required to achieve a turnover of Rs. 3300 Crore in the current financial year 2018-19."

Concluding his message to all employees he said, "I am confident that you are ready to take up the challenges and will support me in scripting the revival story of this company attaining zenith of performance. I wish you and your family the best for prospective and fruitful days ahead."

ITI Limited Declares Profit of Rs. 102 Crore for the Financial Year 2017-18

ITI Limited has announced a profit of Rs. 102 Crore for the financial year 2017-18. The company has turned green after 16 years and declared profit for the financial year 2017-18. Company's total turnover for the period ended March 31, 2018 was Rs. 1703 Crore as compared to Rs. 1611 Crore for the previous period ended March 31, 2017.

PROFIT

ITI has declared a net profit of Rs. 102 Crore without grants, as per the approved audited financial results for the year 2017-18.

Highlighting the company's achievement for the year 2017-18, Shri S Gopu, Chairman & Managing Director, ITI Limited said, "It is a glorious moment of pride for ITI and it is a phenomenal performance compared to the previous years. ITI is now poised take off from this accomplishment to recreate and regain its past glory. After 16 years, ITI has been able to turnaround from the loss to profit. This has been made

possible by timely business decisions, cautious financial and business strategies. We had set a positive and motivating atmosphere for the employees and today's results are a direct consequence of these confidence building measures. I am sure ITI will not look back from the position what it has created and will march towards many more revenue enhancing achievements. The company has achieved many milestones in the last financial year 2017-18. ITI was part of the BharatNet Phase I connecting over One Lakh Gram Panchayats across the country and has successfully implemented this in 40,000 Gram Panchayats which has received an appreciation from Hon'ble Union Minister of Communications for its significant contribution, as an Equipment Supplier."

Ongoing Projects of ITI Limited

- ITI has received an order of Rs. 800 Crore to manufacture and supply of Smart Energy Meters to Energy Efficiency Services Limited (EESL).
- ITI has received orders for BNG, Radio modem, Wi-Fi, DDoS projects from BSNL, the total value of the orders is Rs. 485 Crore and these orders are under execution.
- ITI has received an additional order worth Rs 110 Crore for GPON turnkey project from BSNL.
- ITI is the lowest bidder in the tender by the Ministry of Defence for the ASCON phase IV project, lowest bidder in the MahaNet Tender (Part of BharatNet Phase II) from Government of Maharashtra and lowest bidder in GujratNet project (Part of BharatNet Phase II) from Government of Gujarat. All these orders are expected shortly.

ITI Limited Ramps Up Data Centre Footprint, Takes a Giant Leap towards 'Digital India' Initiative

ITI Limited has announced the expansion of its data center facility by adding 1000 additional racks in the existing setup in Bangalore Plant on May 29, 2018 and setting up of a new Data Centre of 200 racks capacity in Naini Plant. This announcement comes further to the guidelines issued by the Government on setting up of IT infrastructure by government departments using cloud computing technology with a clause mandating that all data must be stored within the country. The new infrastructure will enable PSU Banks, Central & State Government undertakings, MNCs, Corporates and large enterprises to have their data located within the country.

Shri S. Gopu, CMD inaugurated the Data Center facility expansion in the presence of Shri K Alagesan, Director (Production & Human Resources), Shri Chittaranjan Pradhan, Director (Finance), Shri Y Muralidhar, AGM-BG & R&D, Unit Head on May 29, 2018 at Bangalore Plant, ITI Limited, Bangalore.

Speaking on the occasion, Shri S. Gopu, CMD, ITI Limited said, "ITI has been in the Data Center business for last 10 years with renowned customers like public sector banks, Financial Institutions, PSUs, Corporates and other government agencies. ITI is enhancing its data center services and the new data center with 1000 racks space in Bangalore and 200 racks space in

Naini has been an ambitious expansion plan of ITI which is getting materialized now. With this increased capacity ITI data center will be one of the biggest PSU data centers in India. We are very happy to note that many organizations have already shown interest in hosting their data with ITI Limited. This data center expansion exhibits ITI's deep commitment to the Government of India's flagship initiatives like "Digital India, Make in India and Smart City".

Shri K Alagesan, Director (Production & HR) said "The unique value propositions that ITI brings on table is that it is a multi-density, highly secured and resilient Data Center that can result in optimum investment for the customer. There are several layers of security built up for the data center like physical security, biometric authentication, caging and logical security which includes best in class security measures, all of which meet the international standards like ISO 9001, 20000 and 27001".

ITI's state-of-the-art Data Center is currently spread over more than 2,00,000 Sq. ft. with world class facilities. It has the capability to house thousands of IT infrastructure equipments and is designed to offer a wide spectrum of core hosting services with best suite of value added services under highly secure and stable environment. The new Data Centre at Naini will work as a Disaster Recovery site for those customers who are hosting in Bengaluru and the Data Center in Bengaluru will serve as a Disaster Recovery Site for those who are hosting in Naini.

Highlighting the importance of PSU's data center expansion facility, Shri Chittaranjan Pradhan, Director (Finance) said, "ITI's data center is going to revolutionize the way data centre storage facility was provided to large Corporates, central and state government enterprises. It aims to be a pioneer in infrastructure project and a significant contributor to 'Digital India' initiative of Government of India."

ITI Limited Celebrates World Telecommunication and Information Society Day 2018

ITI Limited celebrated 153rd World Telecommunication and Information Society Day on the theme 'Enabling the positive use of Artificial Intelligence for All' on May 17, 2018 at R&D Conference Hall, Bangalore Plant. Shri S. Gopu, CMD graced the occasion in the presence of Shri K Alagesan, Director (Production and HR), Shri Chittaranjan Pradhan, Director (Finance), Shri R M Agarwal, Director (Marketing), Shri Y Muralidhar, AGM-BG & R&D, Unit Head, Shri Arun Kumar, EDR-R&D (Expert), Shri A K Bajoria, AGM-NSU and Chief Guests, Dr. Subrata Rakshit, OS Associate of Scientist (H), Centre for Artificial Intelligence and Robotics (CAIR) and Shri P. Anand Mohan, CDAC.

Speaking on the occasion, Shri S. Gopu, CMD emphasized on Artificial Intelligence, its role in the development of telecommunications infrastructure. Shri K Alagesan, Director (Production and HR) said "Use of Artificial Intelligence in emerging technologies such as IoT and cloud will enable networks to handle higher volumes of data for better network planning and connectivity." Dr. Subrata Rakshit, OS Associate of Scientist (H), CAIR highlighted the significance of Artificial Intelligence and delivered a keynote address on the WTISD theme. Shri P. Anand Mohan, Technology Advisor, CDAC informed the gathering about the latest developments of Artificial Intelligence, its contributions to the telecom industry and its uses to the society at large. Senior Officers, Employees from Corporate Office, Bangalore Plant and NS Unit, representatives of Employees' Union, Officers Association participated in the function. Dr Subrata Rakshit felicitated the winners of essay writing, elocution and cross word puzzle competitions.

Employees, representatives of Employees Union and Officers Association. The association felicitated Shri K Alagesan, Shri R M Agarwal and the guests in the traditional style.

विधि का विधान

दोपहर के भोजन के लिए हम सभी मित्र आफिस के कैटिन में इकट्ठा हुए थे। खाना खाने के दौरान बातों ही बातों में शहर में हुई दुर्घटना का जिक्र भी चल पड़ा, जिसकी खबर सभी समाचार-पत्रों की सुर्खियों में छपी थी। दरअसल एक ही परिवार के चार लोग रेलवे फाटक पार करते समय दुर्घटना स्थल पर ही मारे गए थे। दूर से आती ट्रेन शायद कार के ड्राइवर को सौ मीटर तक घसीटती ले गई थी। अचानक हुई इस दुर्घटना से हम सभी आहत थे और अपने-अपने कयास लगा रहे थे कि वास्तव में हुआ क्या होगा? तभी सुरेश बोला – ‘जो होना होता है वो होकर ही रहता है। ये तो विधि का विधान है’।

विधि का विधान? तुम पढ़े-लिखे होकर ऐसी बात कर रहे हो। पूरी गलती ड्राइवर की थी। क्या उसे इतनी बड़ी ट्रेन आती दिखाई नहीं दी? फाटक अगर गलती से खुला रह भी गया था तो उसे एकदम से ट्रैक पार नहीं करना चाहिए था। ब्रेक लगाकर देखना चाहिए था कि कहीं ट्रेन तो नहीं आ रही है। होनी को कोई नहीं टाल सकता, मेरे दोस्त। सुरेश अपनी बात पर अड़ा हुआ था। ‘मुझे ये समझ नहीं आता कि हम अपनी गलतियों को ईश्वर के मत्थे ही क्यों मढ़ देते हैं? जबकि सरासर ड्राइवर की लापरवाही थी’। मैं कुछ तैश में आ गया।

तभी कैटिन का एक सेवक किसी से बात करता हुआ आया और सुरेश की कुर्सी से टकराकर गिर गया। अपने लंच बॉक्स से सुरेश का हाथ टकराया और बची हुई दाल उसके कपड़ों पर फैल गई। ‘देखकर नहीं चल सकते क्या? मेरे सारे कपड़े खराब कर दिए’। ‘सॉरी, सर जी, जल्दी-जल्दी में दिखा नहीं, मैं साफ कर देता हूँ’। कैटिन का सेवक डस्टर उठाते हुए अपराध-बोध से बोला।

रहने दो... रहने दो, मैं कर लूंगा साफ। इतना बड़ा मनुष्य यहाँ बैठा हुआ तुझे दिखाई नहीं दिया, पता नहीं तुम लोगों का ध्यान कहाँ रहता है...। ‘कूल डाउन, सुरेश। जो होना था सो हो गया। आखिर विधि के विधान को कौन टाल सकता है’। सुरेश ने मेरी तरफ घूरकर देखा और हमें हँसता हुआ छोड़कर वाशरूम की तरफ बढ़ गया।
